

Cooperative Purchasing Program

**COOP
PURCH**

With GSA's Cooperative Purchasing Program, state and local governments can get what they need – for less.

The Cooperative Purchasing Program provides access to thousands of nationwide, pre-vetted vendors that offer a wide array of commercial information technology (IT) and law enforcement products, services and integrated solutions.

Authorized by statute, the Cooperative Purchasing Program allows state and local governments to buy a variety of commercial products and services under specific Multiple Award Schedule (a.k.a. "MAS" or "Schedule") contracts for IT and security solutions. The Cooperative Purchasing Program affords the flexibility needed to save time and money, while supporting your mission and everyday needs.

Eligible Users

The term "state or local government" includes any state, local, regional or tribal government, or any instrumentality thereof, including any local educational entity or institution of higher education.

Features and Benefits

- Total solutions for IT, law enforcement and security

Solutions Available through the Cooperative Purchasing Program

The program offers a variety of procurement solutions through IT Schedule 70 and GSA MAS 84. Below is a small sampling of the products and services available through the Cooperative Purchasing Program:

IT Schedule 70

IT products, services, and integrated solutions available through IT Schedule 70 and IT Special Item Numbers (SINs) on the Consolidated Schedule include:

- Commercial IT equipment, software and maintenance
- IT professional services
- Wireless services
- Mobility devices
- Identity, credential and electronic-access management solutions
- Cloud-computing services
- Data-center consolidation
- Cybersecurity solutions
- Green IT products

GSA MAS 84

Law enforcement, security, facilities-management, fire, rescue, clothing, marine craft and emergency/disaster-response solutions available through GSA MAS 84 include:

- Law enforcement and security equipment
- Firefighting and rescue equipment (urban and wildland)
- Marine craft and equipment
- Alarm and signal system
- Facility-management systems
- Special-purpose clothing

Blanket Purchase Agreements (BPAs)

In addition to direct access to GSA MAS 84 and IT Schedule 70 vendors, state and local governments have access through the following BPAs awarded off of IT Schedule 70:

- **Federal Strategic Sourcing Initiative (FSSI) Wireless BPAs** offer:
 - Wireless devices, bundled with the service, including smartphones, cell phones, and broadband data devices
 - Standardized wireless and cellular domestic service plans
 - Infrastructure/subsystems and accessories
 - Licenses and support for management, security, enterprise messaging, disposal, and disposition reporting
 - Network connectivity and other coverage enhancements

- **SmartBUY BPAs for software and support services** offer:
 - Document and records management
 - Data at Rest (DAR)
 - Situational Awareness and Incident Response (SAIR) cybersecurity tool
- **Email as a Service (EaaS) BPAs** offer:
 - Government community cloud, private cloud, secret enclave cloud, and public cloud delivery models
 - EaaS (billed per mailbox), office automation, electronic records management, migration services, and integration services, with security requirements at the Federal Information Security Management Act of 2002 (FISMA) moderate-impact level (and the FISMA high-impact level for the secret enclave cloud delivery model)
- **National Information Technology Commodity Program (NITCP) BPAs** offer:
 - Mobile solutions, including headsets, webcams, and Voice over Internet Protocol (VoIP) phones
 - Monitors, including cathode ray tube (CRT), liquid crystal display (LCD), plasma, touchscreen and organic light emitting display (OLED) monitors
 - Data center equipment, including routers, servers, racks, and other data-storage options
 - Computers, including laptop, notebook, netbook and desktop computers
 - Video teleconferencing (VTC) solutions, which include VTC equipment and complete system
 - Tablets: Trade Agreements Act (TAA) Compliant Tablets
- **Continuous Diagnostic and Mitigation (CDM) Program BPAs** offer:
 - Tools and Continuous Monitoring as a Service (CMaaS) solutions that provide specialized IT tools
 - CMaaS to combat cyber threats in the civilian “.gov” networks
