

iMeet™ is your own personal video meeting room.

Easy video meetings online. Without downloads. For any kind of business on the planet. Need to sell, share, present, train or have a quick brainstorm? Up to 15 people can get together in your very own iMeet room. **It's time to enjoy meetings, so start your 30 day free trial by contacting your Authorized PGI Agent.**

Your very own meeting website.

See everyone in video at your personal meeting URL. Just send an invite with the link. Guests are always free and iMeet connects the phones.

It's time to get productive.

Why spend tons on travel or fancy teleconferencing systems? iMeet is your sales room, board room, file room, and whatever-you-need-to-do room.

What makes iMeet, iMeet.

Stop staring at speakerphones and fighting with complex features. iMeet brings everyone closer in a clean, easy-to-use space.

Try iMeet free for 30 days. Ask your Authorized PGI Agent today for details.

For more information, contact your Authorized PGI Agent.

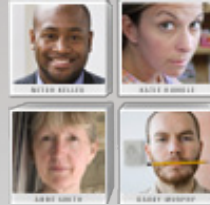

The world's greatest meetings happen in **iMeet**[™]

Face-to-face meetings from anywhere to anywhere.

Connect to any phone or mobile device from anywhere in the world, or talk through your computer. No need to memorize numbers. Have iMeet call you. Easy access for your guests from around the globe.

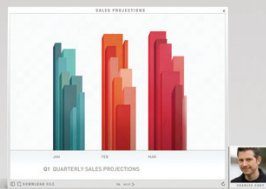

Always free for guests.

So why use lame web conferencing when you can get your very own room, complete with a conference call connection. You can't beat that for unlimited video, audio and web.

Demonstrate, present, brainstorm.

Share a cool video, great pics, or your awe-inspiring presentation deck. With iMeet, it's painfully simple to share just about anything. Your files are waiting in the cloud.

Take the meeting with you.

Since iMeet works on most mobile devices and tablets, you'll never need to book a stuffy conference room again.

Video killed the conference call.

Who's speaking? Bob? Karen? Some random guy who sounds vaguely important? With iMeet, you can see everyone on video. When somebody talks, their cube glows. And, because you have a personal web address that never changes, guests can always find your iMeet room easily.

Easier than web conferencing. Way better than audio conferencing.

That's why *Inc. Magazine* said "iMeet is a great option for companies looking for a low-hassle way to meet with clients online."

Grab a guest by phone, email, text or IM. No bulky apps to download, so everyone gets on in a snap.
